

MEETING MINUTES

July 25, 2018 SMILE TRANSPORTATION COMMITTEE

1. Meeting called to order at 6:00 p.m. by Scott Kelly, Transportation Committee Chair. Six other people in attendance; Elaine O’Keefe, Charles Kingsley, Dennis Bush, Charles Leatherwood, Carrie Leonard, and Edward LeClaire.

2. New Bike/Ped Crossing Signal at 19th & Bybee

The committee discussed problems with the new signal, including failure of vehicles to stop for pedestrians and bikes when the yellow lights flash. Edward LeClaire presented several possible reasons for this, including inadequate site distance to the signals and the lack of advance signage warning vehicles. It was noted that the new signal at Milwaukie Avenue and Mitchell is the same type. The group agreed to visit both signals over the next few weeks to see if they have similar problems, and to identify possible solutions. A draft letter to PBOT can be developed over the next few weeks and reviewed at the next Transportation Committee meeting on August 15, with possible subsequent approval by the SMILE Board.

3. Metro 2018 Regional Transportation Plan

The Committee reviewed the projects in and around Sellwood-Moreland in the Draft RTP. Due to the deadline for comments, the SMILE Transportation Committee will not be providing comments. However, individuals are encouraged to review and comment on the document by August 13. Below is a link to the web site.
