

**SMILE TRANSPORTATION COMMITTEE
MEETING MINUTES
October 17, 2018**

1. Meeting called to order at 6:00 p.m. by Scott Kelly, Transportation Committee Chair. Five others in attendance; Charles Kingsley, Andrew Holtz, Charles Leatherwood, Will, and Kim

2. 11th Ave Traffic Calming

Kingsley and Kelly reported on their meeting with PBOT regarding possible speed bumps or other traffic calming at various locations in Sellwood to address cut through traffic. No action was taken. Several other possible applications were discussed. PBOT engineers will develop a draft plan for installing speed bumps on 11th north of Tacoma Street, and possibly including parts of Miller and Nehalem where traffic volumes are high, likely from cut through vehicles. They will also develop a plan for installing speed bumps on Umatilla west of 13th because it is designated a Neighborhood Greenway, and also has high traffic volumes. Another meeting with PBOT will be scheduled for November. The proposal would ultimately go to the SMILE Board for consideration before being implemented by PBOT. It was discussed that this could be a pilot project that other neighborhood groups could pursue.

3. Future agenda items.

17th & Ochoco stakeholders meeting update.

4. The meeting was adjourned at 7:00 p.m.
